Stourbridge**

Awards: ⁽¹⁾ C, ⁽²⁾ C, ⁽³⁾ B

(2020-2022)

GCSE

Perryfields High School

Awards: 8 Total GCSEs

(2015-2020)

Experience and Shipped Projects

A range of development projects can be viewed via my portfolio, Github and YouTube channel where I document my development process and progress over the past 5 years.

Across these projects, I was the sole developer and worked on system such as character state systems, world generation, player controllers etc. These projects demonstrate my development skills and my personal interests.

Warehouse Operative – Gadget, Oldbury

(Oct 2022 – Feb 2023)

Technical Proficiencies

- Microsoft Visual Studio 5 years
- Github 3 years
- Unity Engine and C# 5 years
- Unreal Engine and C++ 1+ years
- Roblox Studio Working Knowledge

Personal Interests

Game Development – Regularly design and develop games, primarily using Unity, with a particular interest in gameplay mechanics and systems design.

Fitness – Consistently training in the gym for the past 5 years, demonstrating commitment and discipline.
